

TICK PERMISSION/REMOVAL

PERMISSION

Using a pair of fine pointed tweezers, grasp the tick as close to the skin as possible, and pull straight up with a steady motion. It may take several minutes for the tick to release. Do not use vasoline or a lit match, and avoid twisting or squeezing the tick with your fingers as this may inject the content of the tick's gut into your bloodstream.

After removal... clean and disinfect the area. Mark the date on a calendar. Prepare the tick for submission. Contact your physician if symptoms develop. Education & Awareness are key!

I hereby allow Kidz Go Eco staff to remove a tick from my child, _____ at the disgression of the staff to ensure the safety of my child. The tick will be removed with a pair of tweezers and kept in a secure container to be taken to a physician or testing facility in the event the child begins to form a rash or show signs of other symptoms.

I acknowledge as my child's parent that it is my responsibility to pay, and submit tick for testing for Lyme Disease or any other diseases. I do understand Kidz Go Eco is not responsible financial-ly to pay for tick testing, any other medical treatment, and or if my child contracts Lyme Disease or any other diseases.
